## *BRC Squamish Outing*

### **Overview:**

This outing is intended to use previously skills of rock climbing techniques, gear management, and climbing team communication with an emphasis on becoming more efficient. Climbing will be diverse and include single pitch, longer multi-pitch, sport, and trad routes.

### **Learning Objectives:**

- ✓ Improve climbing techniques for various route types.
- ✓ Efficiently climb multi-pitch routes as part of a rope team.
- ✓ Better evaluate your ability to follow a climb based on a guidebook rating.
- ✓ Understand your physical and mental response to being high up on steep rock (exposure).

### **Location & Camping:**

It is a 3 to 5 hour drive (depending on traffic and the boarder crossing) and a great destination, so many will turn it into a 3-day weekend and head down Thursday night. Otherwise plan on leaving Seattle Friday night.
